Style: WM Kit £21.95 Chart £10.95

## Rectangular stool kits

These rectangular stools will fit into so many places in your doll's house, it will be difficult to just buy one!

The kit comprises a 'stitching' component, which contains a piece of 32 count silk gauze, colour block chart, detailed instructions with diagrams, a needle and Anchor stranded cotton. The kit also contains a 'wooden stool' component comprising unvarnished pre-cut wooden parts, a foam pad for the stool top and instructions for how to make this quality furniture kit.

Prior to fitting the seat, the wood can be varnished with an interior varnish of your choice - the example in the picture is in medium oak.
